

# Happy half term!

Here are some examples of natural art.

We can't believe it's been a week since our last letter to you —time is passing so quickly. It has been so lovely to see that you are all okay and enjoying the activities we have given to you. Please keep sending the fabulous videos and photos as we miss you lots and it makes us smile to know that you are okay.

This week is half term so we won't be giving you any work to do—we think you all deserve a good rest! Instead, we thought you could try doing something different with your families. We've included some ideas on the next page, or maybe you could get outside if the weather is nice and make some of your own pieces of art with natural objects.

National Book Tokens have a competition to design a class bookmark. You could win a £10 book token for everyone in the class! If you would like to enter, follow this link [www.nationalbooktokens.com/create-a-national-book-token-for-your-class](http://www.nationalbooktokens.com/create-a-national-book-token-for-your-class)

We hope you have a lovely week. Take care and have fun!

Lots of love,

Mrs Piercy, Mrs Dodd, Miss Meakin

and Mrs Chadry xxxx

# Summer Half-Term

## Home Learning Challenges

Holidays are a great time to do some baking. Work with a grown-up to make some tasty cakes and treats to share with your family and friends.

Can you ride a bike? This is a great week to try and practise. If you can ride your bike already, maybe you could go on a long bike ride. It doesn't have to be a bike; a scooter or trike are just as much fun!

Lucky you! You are on half-term! What exciting things could you do? Have you ever flown a kite? If you have one, you could take it to the park and see if it will fly. Don't worry if you don't have one, maybe you could make one using a bin bag, some canes and some string. Let's go fly a kite!

Make some really wild art! Collect some natural objects, such as leaves and twigs from your garden or park and get creating! You could make a collage picture or a fabulous model.

It's fun to play a game of hide and seek with your friends or family. This is a great game to play, whatever the weather, because you can play it inside or out. Can you think of a great place to hide?

Can you make a den? If it's a rainy day, you could make one using chairs and blankets. If it's nice weather, you could make one outside, maybe in the park or woods, using sticks and branches.
