Spelling

Focus Word
unhappy
unwell
unpick
unfold
unlucky

These are your spellings for this week.
Each day, I will give you a new activity to help you to practise 😊
There are only 5 spellings for this week.

Spelling pattern:

This week, we are looking at the prefix 'un'.

- A **prefix** is a letter or letters added to the start of a word to change its meaning.
- 'Un' means 'not'. When added (as a prefix) it will give the word the opposite meaning.

For example:

unhappy This is the opposite of happy. It means that you are not feeling happy about something.
