What was the **weather** like in the story? It was windy. Let's find out a bit more about windy weather. (We'll use today's learning to help us with our writing tomorrow).

Watch the video clip about wind:

<https://www.bbc.co.uk/programmes/p0113zqf>

To do:

Can you draw 3 things that need wind to move?

Can you write down 3 words for wind? (e.g. breeze)

What can happen to trees and rooftops in very strong winds?

Fun experiments to try:

Gather different types of hats. Using a fan or a hairdryer, can you get your hat to blow off? Do some hats blow off more easily than others. Try making a little hat for one of your toys – can you blow it off?
