

think

We've learnt a lot of Bible stories this year. Some are miracles and some are parables.

How many can you remember?

Tell an adult or write them down on a piece of paper. Here's a challenge - can you remember 2 miracles and 2 parables?

Now go to the next slide...

## Miracles

Jesus turned the water into wine

Jesus helped the disciples catch nets full of fish

Jesus turned 2 fish and 5 loaves into enough food to feed 5000

Jesus brought Jairus' daughter back to life

Jesus helped the blind man see again

Jesus calmed the storm

Jesus rose from the dead

## Parables

The Good Samaritan (we acted this one out for our assembly)

The Prodigal Son (where the younger son went off and spent all of his father's money)

The Lost Sheep (the shepherd had 100 sheep and lost 1)

This week, I want to share another miracle with you.

It is about a group of people who had an infectious skin disease. This was known as leprosy. They had to keep their distance from people in case they passed then infection onto them.

Listen to the story here:

<https://www.youtube.com/watch?v=LzZUDRrKgl8>

An illustration of two children, a girl with dark skin and glasses on the left, and a boy with light skin and orange hair on the right. They are both smiling and looking upwards. Above them is a large, stylized thought bubble with the word 'think' written inside. The entire illustration is set against a bright yellow background with a white circular frame around the children.

think

People with leprosy were not treated very nicely. Can you explain how they were treated?

Why do you think people treated them like that?

How many lepers asked to be healed?

How many said, 'Thank you' to Jesus?

Why do you think the other 9 didn't come back to say, 'Thank you?'

Do you think the 9 lepers just forgot? Were they just so happy and relieved that they forgot all about Jesus?

What can we learn from this story? Do you ever forget to say thank you? Sometimes we forget how lucky we are and forget to say thank you for everyday things such as food, water, shelter, families, friends, education and lots more.

### **Activities (choose 1)**

1. Make a word cloud using: <https://wordart.com/create>

Write down all the things in your life that you are grateful for. Look on the next slide for an example.

**Or**

2. Write a prayer to God, thanking Him for all the good things in your life.

Don't forget to email me your finished word clouds or prayers. I'd love to see them! ☺
