

HELLO

Hi Year 4,

I hope you have all had a good week. Thank you for all your work and photos of the activities you have been doing. You are all doing an amazing job!

Next week is half-term, so no home learning! I thought I would put some fun activities in this weeks newsletter that you can try over half-term if you would like to.

Pebble Painting

When I was walking in 'Greenfield Park' this week I noticed this lovely dragon. You can paint stones and add them to his tail. It has grown so long over the week! It really is lovely to see.

Host a Family Quiz

Why not hold a quiz, think about what your family are interested in and decide on what topics to include. Some options might be sport, film, cooking etc. Research some questions for each category that you choose.

Become an Illustrator!

Famous children's illustrator, Rob Biddulph runs free tutorials on his website, teaching you how to draw different characters!

Visit: <http://www.robbiddulph.com/draw-with-rob>

Make a Sun Catcher

1. Decorate a plastic bottle using lots of colour
2. Cut out the base (Make sure you have adult supervision)
3. Carefully cut around your bottle from the bottom, creating a spiral

Make an Eco Bird Feeder

1. Cut out 4 large holes on each side of a large plastic milk carton (Adult Supervision)
2. Decorate using lots of colour!
3. Fill the bottom of the feeder with bird seed

Have a lovely half-term children, Love from Mrs Mahoney xx
