

Hi Year 4!

I hope you are all well and finding lots of fun things to do. I have had lots of pictures of some delicious meals and cakes that you are making, Yum!

It looks like you are all very busy bees! Remember you can follow the school on Instagram and visit the website to see some of the wonderful work you have all been doing.

Celebrating VE Day

Next week, in English you will be learning about VE day, a really important part of history. You will be able to prepare activities to have your own family celebration on the 8th May.

Enjoy!

A free ebook download has been released called The Book of Hopes. Some authors include Axel Sheffler, Lauren Child, Morpurgo, Horowitz, Sophie Dahl, Greg James, Chris Smith ... so many more.

It has topics and themes on everything! A lovely book to read. Follow the link to download:

Book recommendations

Thank you Tyler for recommending the book 'Slime' by David Walliams. He thinks you will find the characters really funny!

This week, why not recall and develop your programming skills using the 'Bee Bot App'. It has several levels and comes highly recommended.

Have a lovely weekend children, love from Mrs Mahoney xx
