

Hi Year 4,

I hope you are all well and you are enjoying the home learning topics and the chilli challenges.

Thank you for all your pictures this week, you are all doing amazing!

I know you must all be missing each other and I hope you are able to keep in touch in different ways.

### George the Snake

Last week I went back to Greenfield Park in the Old Quarter and I was amazed to see all the stones that children in Stourbridge had decorated and placed at the end of 'George'. He is steadily working his way across the top of the park now towards Greenfield School!

It's lovely seeing all the different themes children have chosen to decorate their rocks.

### Important Information!

This week you will be studying the short film 'Girl and Robot' for your English work.

**For lesson 4 on Thursday you will be asked to make a robot using junk modelling, therefore you will need to collect boxes, tubes etc over the next couple of days ready for Thursday.**

### The Derbyshire Music Hub

If you are missing our class music lessons at the moment, Mrs Cangiano has found and recommended a super music website where you can follow fun lessons from home.

Click on the link below to get started:  
<https://www.derbyshiremusichub.org.uk/get-involved/music-at-home/junior/junior.aspx>

### Dr Who Fan?

Mrs Dodd found and very kindly forwarded a great activity which links really well to our science topic. It is based on a Dr Who episode, which you will need to watch on Iplayer. If you would like to complete this activity the powerpoint will be on the homelearning page next week, which has all the linked tasks.

Follow the link below to watch the episode.
