

Hi Year 4,

I hope you are all well and having lots of fun!

We have been so blessed with the recent sunshine and we have had some lovely walks around the park and local streets. It has really brought a smile to my face seeing all the wonderful pictures children have placed in their windows, these really are uplifting, so keep colouring children and give those passers-by something to smile about!

Last week I followed a children's yoga class on the website 'Cosmickids.com'. It told a story all about trolls, it was great fun!

Why not have a go!

This week I have put some more activities on Education City to revise topics that we have covered this year. Watch the 'Learn Screens' first before completing the activities. If you are having problems accessing this please ask a parent to email the office.

A big well done to the following children who completed all the tasks last week! Rose Holly Kamran Izzy

Jack Fenton Sophie Hermione Isaac P

### New Task!

Recently we started our 'Vikings and Saxons' topic.

Please could you continue to research the topic and create a factual information booklet about the Vikings or the Saxons

Then choose one of the following tasks:

- Create a replica artefact e.g. coins, jewellery, armour
- Create a dwelling

Please email any photos to [info@st-jo-st.dudley.sch.uk](mailto:info@st-jo-st.dudley.sch.uk)

**I can't wait to see them!**

Well children, make sure you make the most of your time at home, eat healthy, exercise, do some gardening and read some books and create and make! But most importantly

Missing you all and keeping you in my thoughts and prayers.

Love from,

Mrs Mahoney xx
