

# Under the Love Umbrella

P.S.H.E.

**What do you think a 'Love umbrella' is?**

Do you need to shelter Under the Love Umbrella? Maybe it's 'in the deepest dark' or 'when friends won't share'. Perhaps it's when you're feeling shy, or scared of new experiences. It could be a day 'when you need super glue' or have a 'bad dream/ lost tooth/ smashed toy/ big worry'... all of it disappears in a big old flurry/ Under the love umbrella.'

Find out more by listening to Mrs. Riley reading the story. Just click on the link on our Remote Learning page. You could also listen to this version at:

# What do umbrellas do?

Umbrellas keep us dry in the rain.  
They protect us.  
They shelter us.

**That's what love does too.**

Sometimes we feel sad or alone, but that's when we need to remember that we are still covered by our own special love umbrella.

**Who is holding a love umbrella over you?**

**Are you holding a love umbrella over anyone?**

# Who holds a Love Umbrella over you?

Think about all the qualities of the person who holds a love umbrella over you. Write them down.

# Your Task

Draw your own umbrella and decorate it. As you do, think about the person who holds a love umbrella over you and what makes them special. Maybe you could give this picture to them to show them you know how much they love you.

There's a PDF file on our Remote Learning page that you can use to help you draw an umbrella. It includes a template for you to draw around too

Once you've finished your drawing, decorate it with lots of different patterns. Then give it to the person who holds your umbrella.

**Who will you give your umbrella to?**

If you don't feel like drawing, why not make a collage. Cut out two umbrellas the same size. Decorate 1 and then draw pictures of the people you love in the other one. Stick the decorated umbrella over the top so it can lift up. Then give it to the person who holds your love umbrella.

I would love to see your work 😊.  
Please send lots of pictures to me at
