

Hi Year 3,

How are you all doing this week? I can't believe the Easter holidays are finally here. I hope you are all safe and well and have been able to enjoy the beautiful sunshine with your families. It has been so strange not seeing your wonderful, smiley faces and hearing your brilliant stories everyday.

One thing that has definitely made me smile over the past week is seeing all the fantastic things that you have been up to at home! There have certainly been some very fun and varied activities going on from flying drones, building dens, relaxing in hot tubs, Irish dancing in the front room, making cakes and sock puppets, reading in the car to get some peace and quiet and even doing Maths work on your windows! How fun! Hearing about all the brilliant fun you have been having has certainly kept me entertained over the last few weeks. Please continue to send photos, letters or updates to info@st-jo-st.dudley.sch.uk and let us know if these can be shared on the school website and instagram page.

I know that you have all been working very hard and trying your absolute best to complete the activities that were in your home learning pack. Congratulations to all the children that have also been completing the Education City tasks over the past few weeks. It is brilliant to see so many of you logging on and trying the different activities.

After the Easter holidays, please look out for some new and exciting work that will be in the 'home learning' section of the school website. This will be updated each week with new activities for you to try 😊

During the Easter holidays, I would like you to continue making your families smile, enjoying the sunshine and finding fun ways to keep yourselves entertained. Please also continue to practise

your times tables, reading your books and completing the Education City tasks (if you haven't already done so).

Yesterday, I was in school working with a few children who needed to come in. I thought I would share some of the activities that we did. Why not give some of them a try and put them in your windows to make passers by smile and brighten their day?

It is certainly very quiet in school without you all and I really miss your smiley faces and being your teacher. Mrs Cheslin has also asked me to say a 'big hello' and that she misses you lots too. Please keep smiling, laughing and remembering that you are truly wonderful children ☺

I hope you all have an amazing Easter time with your families. We miss you very much and can't wait to hear about all of the brilliant things you have been up to.

Sending lots of love and Easter wishes to you all,

Miss Robertson x
