

Hi Year 3,

How are you all doing? I hope you have all been enjoying the lovely sunny weather that we have had over the last few days and have been able to spend lots of time in your gardens or in the park.

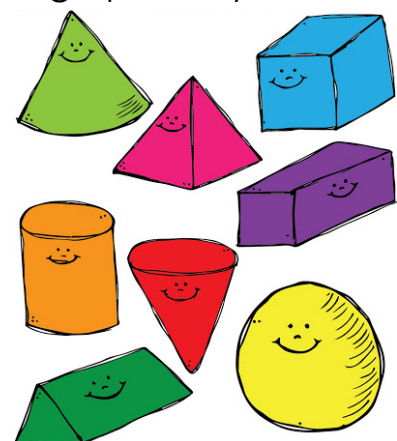

Last night, I saw some family in the garden for a BBQ, which was lovely. I hope that you are able to see a few more of your family and friends now too 😊.

hello

I have also been busy working with the Year 6 children again this week. I am really enjoying it but I am still really missing your smiley faces. It has been lovely to see a few more of you coming back into school. It really does make my day to see you! The teachers are all so proud of every single one of you for how hard you are working either in school or at home 😊 Well done everyone 😊.

Thank you to all those of you, and your parents, who have sent in pictures of your amazing work. It is always so lovely to see all of the wonderful things you are getting up to. If you have sent in some work, see if you can spot it the PowerPoint's this week. In Maths next week, we will be learning about 2D and 3D shapes. Why don't you go on a shape hunt around your house and see what different shapes you can find? See if you can spot some of the different shapes in my house in next week's PowerPoint. There are also lots of activities and learn screens on Education

City to help you with this week's Maths. I have also taken off the timers so you don't need to feel worried or annoyed if you don't complete the activity in time 😊.

I thought I would show you some of the lovely photos that have been sent in this week. Please don't worry if your work

isn't here, you are all equally unique and wonderful and I know you are all working hard and trying your best.

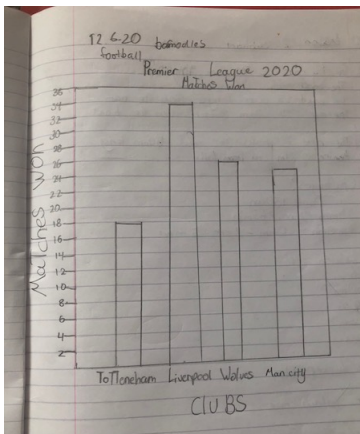

Chris turned his chilli challenge into an amazing Father's day card 😊

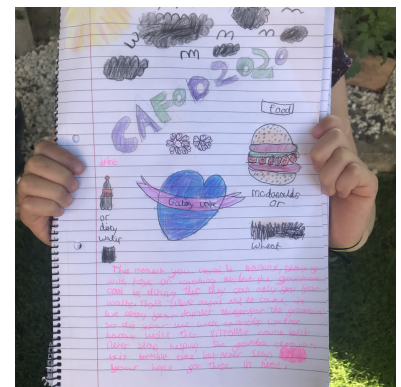

Wow! Harry's sunflower is nearly as tall as him! 😊

Isla has made a beautiful 3D flower 😊

Amelia has been working hard on the Friday Maths challenges 😊

Leila has made a wonderful CAFOD poster 😊

I hope you enjoy the home learning for this week. I know that for some of you it has been a very long time since you have been in school and your motivation may be fading away. Please don't worry if this is happening to you. Even if you just

manage a little bit of work each day, this will really help you when you do return to school 😊.

Please continue to stay in touch and tell me what you've been up to (work or play). As always, please get in contact too if you need any extra help or support with anything. I am only a click away 😊

I hope you have a wonderful week full of lots of sunshine and smiles. You are all superstars!

Lots of love,

Miss Robertson xxxxx
