

Hi Year 3,

How are you all doing this week? I hope you have all had a good week and are all safe, smiling and happy ☺. I am missing you all lots but it has been so lovely to hear from you this week and see all of the amazing things you have been getting up to at home. Our class is full of SO many amazing mathematicians, writers, artists, readers, inventors and the list goes on. I know that learning at home can be tricky but you are doing so well and should be incredibly proud of yourselves ☺ I know I am very proud of all of you.

It has been wonderful to see all of your fantastic home learning about VE Day. I have been so impressed with all of the bunting, ration posters, brilliant writing and the baking pictures have definitely made me very hungry! Take a look at Millie's fantastic cheese scones.

I hope you were all able to have a lovely day with your families and that you enjoyed learning about the special day in our history. I certainly enjoyed looking at all the amazing street decorations around where I live and it was great to sit in my front garden and celebrate with neighbours safely from a distance.

There was even an army truck driving around! Unfortunately though, the puzzle I have been doing still looks exactly the same as it did last week – incomplete.

This week, our English home learning is all about one of my favourite videos called 'Ride of Passage'. I hope the video makes you laugh and brings a smile to your face. In Maths, as well as continuing with the White Rose home learning, there will be some extra fun activities to celebrate National Numeracy Day which is happening on the 13th May. Please keep an eye out on this weeks' Maths work. As always, try your best with the home

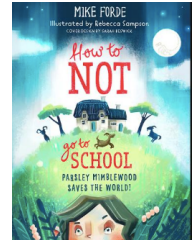

learning. Remember it is just a guide; whatever you are doing at home will be fantastic 😊 just like you! If you do need anything extra or a little bit of help with anything, please ask your parents to send an email or contact the school office and I will do all I can to help 😊.

Also if you are finding things a little bit worrying or strange at the moment, why not try reading this book at:

<https://parsleymimblewood.files.wordpress.com/2020/05/parsleymimblewoodsavestheworld.pdf>

It's free to download and is a lovely story about a little girl who knows all about not being able to go to school.

I hope you have a fantastic week and enjoy this weeks' home learning. Please continue to send in any photos, letters or updates to info@st-jo-st.dudley.sch.uk . It really does make my day to hear from you and see all the fantastic things you have been doing. Remember, you are all superstars 😊

Take care, stay safe and keep smiling,

Love

Miss Robertson xxxx
