

Monday 18th January Handwriting

Use the sheet on the next page to practise your joined up handwriting.

Top tip: Remember your flicks on the letters

If you can't print the sheet just copy the words onto paper. Ask an adult to draw some lines to help you 😊

Spelling

Focus Word
disagree
dislike
disappear
discover
disapprove

These are your spellings for this week.
Each day, I will give you a new activity to help you to practise 😊
There are only 5 spellings for this week.

Spelling pattern:

This week, we are looking at the prefix 'dis'.

- A **prefix** is a letter or letters added to the start of a word to change its meaning.
- 'Dis' means 'not' or 'the opposite of'. It will give the word the opposite meaning.

For example:

disagree This is the opposite of agree. It means that you have a different opinion on something compared to somebody else.

Small and Smaller Activity

Fill in the grid with your spellings. Choose one word and repeat it in the outside rectangle. Then choose another word and fill in the next rectangle. Continue on to the centre. **Draw your own grid if you don't have a printer 😊**
