

Hello Year 5!

You have reached your last week officially of year 5! Can you believe how quickly it has gone by? It only feels like a few months ago that I was getting to know you all and forgetting your names every 5 seconds!

For the last week, I am not setting you any official work, just some fun activities to try over the last week and into the Summer holidays. In the document in the Year 5 Home Learning Area, it will also tell you some things to think about next year in Year 6, like applying for lead responsibilities such as Head boy/girl, Sport Captains, Lead School councillors etc. Hopefully, you and your parents have had time to have a little look at Mrs. Lawson's Transition Information PowerPoint too on the school website in the "Key Information" section. I haven't set any maths questions but you can watch the final set of videos on White Rose Home Learning each day and answer the questions on screen or if you really want to do more work, there is always the BBC Bitesize daily activities!

As this is the final week, I just want to take a moment to say "Thank you!" to each and every one of you. It has been lovely being your teacher and I hope you had a nice time in year 5. I know we were very busy a lot of the time but you were all fantastic!! It is the first time I ever had a class with so many boys as well! But I will remember each and every one of you boys and girls.

Thank you for working hard in school until March and out of school with home learning. It was lovely seeing your work when you emailed it and even if you didn't email it in, I'm sure it was wonderful too! I've seen some of you in school because your parents are key workers and it was lovely working with you in a different way too!

Finally parents, thank you so much for working hard with supporting your children and the school with their education. It

must have been a mammoth task with many up and down days! I have a three-year-old and working from home with her was hard enough but at least I didn't have home school to think about too! You are all superstars as well! We will be forever grateful to you.

Brilliant
Parents

I sincerely hope you all have a lovely 6 week holiday.

From my family to yours, HAVE A GREAT SUMMER!

Love,

Mrs Hickman

XxX
