

Y1 Science
Unit 2
Materials

Lesson 2:
My Toys

How many different **types of materials** can you remember?
Can you name all the materials below?

Cotton threads – soft and good for pulling

Rubber – hard and good for chewing

Washable

Wood – hard and sturdy – good for building and stacking

Soft fabric – good for cuddling

Washable

Your turn:

Find 3 toys made of different materials. Draw a picture of each one and label the materials used to make them.

THE CHALLENGE

Can you explain why each material is useful? (You might say, 'It is soft', 'It is strong and rigid' or 'It is bendy'.)
