

St. Joseph's Catholic Primary School

STUDY PLAN

DATE: April 2022

Group: Year 6

Term: Summer

SUBJECT	
R.E.	Easter Celebrating the life of Mary and the Saints Belonging to the Church Community
English	Fiction: Percy Jackson - Descriptive writing, research, non-chronological reports, diary writing, persuasive writing, poetry Fiction: Tales from other cultures - Day of the Dead - Visual literacy – Narrative Reports Poetry: Villainous characters
Maths	Maths investigations: The mystery of the place value scam sham The mystery of the festival computing chaos The mystery of the Olympic ringer maths game Lost in the forest – The escape room
Science	Living things and their habitats. The class will learn about the classification of living things, including micro-organisms. The children will sort animals into groups based on their similarities and differences. They will extend their learning to find out about the standard system of classification first developed by Carl Linnaeus, choosing an animal and researching its classification. The children will have the opportunity to design their own 'curious creature' and classify it based on its characteristics. They will learn about micro-organisms, and investigate the growth of mould on bread. Furthermore, the children will use play dough to create a new single celled micro-organism and explain how it is classified and why. Finally, the children will put their learning into practice by creating a field guide to the living things in their local area, showing how and why each one is classified
Computing	Online Safety Communication –Publisher – Power Point Coding: Create and programming computer games using 2DIY games and 2DIY 3D
French	Les habitats Moi dans le monde Les Vikings
Humanities	Amazing Americas (Continuation of topic from Spring 2) - Children will first find out about the continents of North and South America, and the countries that form them. They will also look in more detail at some of the contrasting regions of the Americas, finding out about the landscape, climate and locations of each area. Children will also develop their map and atlas skills and practise reading and writing coordinates. Main Focus South America – Children to research and present a project about The Amazon Rainforest
PSHE	Trinity House Catholic Social Teaching Aspirations, work and career

	Reaching out Living in the wider world – money matters
D&T	Seasonal foods – This 'Super Seasonal Cooking' unit of work will teach children about the importance of buying seasonal food. It enables the children to learn where, when and how a variety of ingredients are grown, reared, caught and processed. Children will then have the chance to sample some spring seasonal food before designing their own balanced seasonal meal. They will learn how to cook with the seasonal ingredients following their own recipes and using a wide range of preparation and cooking techniques. Finally, children will evaluate their product against their design criteria. Children will learn appropriate hygiene rules for handling meat and fish and safe preparation skills
Music	Film music WW2 Leavers' song
PE	Cricket, rounders, athletic skills and badminton.
