

Wednesday 13th January
Handwriting

Use the sheet on the next page to practise your joined up handwriting.

Top tip: Remember your flicks on the letters

If you can't print the sheet just copy the words onto paper. Ask an adult to draw some lines to help you 😊

Card 2 - It's here...

Its eyes, gleaming
Its tongue, licking
Its teeth, gnashing
It's here...

Its feet, stomping
Its tail, swishing
Its claws, scratching
It's here...

Its hands, gripping
Its breath, stinking
Its mouth, opening
It's...

Spelling

Focus Word
gym
hymn
myth
pyramid
lyric
symbol
system
type
rhyme
style

These are your spellings for this week.

Each day, I will give you a new activity to help you to practise 😊

Spelling pattern:

The letter 'y' is special and makes several different sounds.

In the middle of words 'y' can make a long or short 'i' sound (gym/style).

Spelling pyramid:

Spell your word in a pyramid. Start with the first letter at the top, then the first and second underneath, then the first, second and third underneath, and so on.

Use the example below to help you
