Science Circulatory System

Identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood. Recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function. Describe the ways in which nutrients and water are transported within animals, including humans.*

Y6 Curriculum Summer 2

Trinity Term

Teresa of Ávila: "The three Persons are distinct from one another; a sublime knowledge is infused into the soul, imbuing it with a certainty of the truth that the Three are of one substance, power, and knowledge and are one God."

Catholic Social Teaching*: Year 6 focus for the year: Options for The Poor and Vulnerable
"You are not making a gift of your possessions to the poor person. You are handing over to them what is theirs." St Ambrose

Values and Virtues – Learned and Wise

French

Habitats cont.

Give some key facts in French about things that animals and plants need to survive in their various habitats. Give examples in French of the most common habitats for particular plants and animals and give an example of where these habitats can be found.
