Re. Parents' evening survey

Dear Parents,

Thank you for taking the time to provide your valuable feedback through the recent survey at parents' evening. We are pleased to share that the responses were positive, highlighting the strengths of our school community along with areas raised that will continue to help us to grow.

Thank you for your feedback and recognition of our efforts in providing a supportive and enriching environment for your children. Your positive comments about our dedicated teachers and engaging curriculum are very much appreciated.

Below, I have summarised the strengths that have been identified as well as suggestions of next steps for our school.

Strengths:

1. **Informative and Worthwhile:** 100% of parents found the parents' evening informative and worthwhile.
2. **Positive Environment:** Many parents praised the school's welcoming, nurturing, and supportive environment.
3. **Teacher Dedication:** Parents appreciated the dedication and efforts of the teachers in supporting their children's education.
4. **Children's Happiness:** Parents were pleased to know that their children are happy, enthusiastic, and progressing well in their lesson.
5. **Communication:** Parents valued the honest and detailed feedback about their children's progress and well-being.

Some areas identified as next steps for our school:

1. **More Information on Pupil Groups:** Some parents expressed a desire for more information about the roles and activities of pupil groups such as the school council, liturgy leaders, and Caritas ambassadors.
2. **Homework and Learning Support:** A few parents suggested sending further homework (in addition to reading and class projects) occasionally to younger year groups to help focus learning at home and providing more opportunities for parents to see their children's work.

CATHOLIC PRIMARY SCHOOL

3. **Extracurricular Activities:** There were suggestions to expand extracurricular programs, including more forest school style opportunities with use of the trim trail and mud kitchen area of school.

Thank you again for your feedback and supporting our school to be an even better place for our children to learn and grow.

As we move forward, we are committed to building on these strengths and addressing the areas suggested as next steps.

Thank you again for your feedback and support.
